

RESPOND BY SEPTEMBER 30TH

Single Stream Recycling is Scheduled to Start in May 2014
If you have a paper cart now, please read:

A Message From Burlington County Freeholder Director Joe Donnelly:

In May 2014 most Burlington County residents will be able to toss all their recyclables (cans, bottles, paper and cardboard) into that one big blue cart which, until now has been for paper and cardboard only. Single stream is convenient, increases recycling volume, and saves money.

It is critically important that you let us know if will need an extra blue cart.

We need to have all order requests in to us by September 30th to ensure that our residents will get their carts in time for Single Stream Recycling next May.

Before you place a Cart Order, please visit:

www.burlcorecycles.com

Review the important information and Frequently Asked Questions to determine if you will need an additional cart

Not computer savvy? You can place your order by calling (609) 499-1001 week-days between 9 am & 5 pm.

Email questions to recycle@co.burlington.nj.us.
