The governing body hereby finds and declares that problems of traffic control occur and traffic must be moved through or around road or street construction, maintenance operations, and utility work, above or below ground which requires blocking the roadway and obstructing the normal flow of traffic; and that such obstructions are or can become dangerous when not properly controlled. In order to better promote the public health, safety, peace and welfare, it is necessary to establish controls and regulations directed to the safe and expeditious movement of traffic through construction and maintenance zones and to provide safety for the work forces performing these operations.

The Township of Tabernacle in the County of Burlington, State of New Jersey, does hereby adopt the current Manual on Uniform Traffic Control Devices, hereinafter known as MUTCD, except as hereby supplemented and amended, as it controls and regulates whenever construction, maintenance operations or utility work obstructs the normal flow of traffic. If it is determined that the construction or maintenance operations prior to 7:00 a.m. or after 5:00 p.m. would substantially delay traffic or cause a safety or health hazard, the work shall then be permitted only between 7:00 a.m. and 5:00 p.m.

7-8.5 Road Closing and Detours. Road closings, of less than 48 hours duration and/or traffic detours shall not be permitted unless approved by the Mayor or his/her authorized representative and Township Committee. Public Comment.

Mr. Lange reported that this is a rededication of the traffic regulation in town.

Fran Brooks, 78 Moores Meadow Road, spoke of reviewing the content of the proposed ordinance and questioned not seeing reference to speed limits within the park which fall under NJDEP regulation.

Mr. Lange spoke of that being State Forest jurisdiction.

Rudy Saldan, 16 Summit Drive, raised question with regards to the reason for a three way stop on Anne and Lee Drive.

Shawn Vena, 27 Wicklow Drive, questioned the correct spelling for Vale Drive on the ordinance which appeared to be a clerical error.

- On a motion made by Mr. Yates, seconded by Mr. Franzen, Ordinance 2013-4, on second reading was offered for adoption. Carried.

CDBG Grant for Patty Bowker Park – Township also received \$65,000 grant for bleachers and trails.

Report of the Township Administrator

Shared Service Energy Aggregation – Mr. Cramer attended a shared service presentation on energy aggregation. Burlington County is teaming up with Bridge Commission and shared service and would like the Committee to review the presentation regarding electric energy cost and have further discussion at the next workshop meeting. The County is looking to open this up to commercial businesses and residences.

Russo's Fruit & Vegetable Market – Special mention was given in appreciation to Russo's for providing the flowers in front of Town Hall.

Report of the Township Solicitor

Draft: Property Ordinance – a draft copy was distributed to the Committee for comments and consideration at the next workshop meeting.

Report of the Township Committee

Committeewoman Brown made comment as she gave praise to the recreation committee for the great job they did putting together the Memorial Day Parade.

Committeeman Barton also gave praise to the recreation committee and encouraged Betsy Piner and Mark LeMire to make comment about the Memorial Day Parade.

Committeeman Franzen spoke as a member of the local CERT Team of having the pleasure of working with the Americorp Volunteers for two half days and they were thanked publicly for the work they did in Tabernacle Township.

Deputy Mayor Yates apologized for not attending the Memorial Day Parade; he was up in Connecticut working on his step-son's house trying to get them in there so he could finally

get a grandchild. From what he hears, the residents made comments about the parade and wanted to commend the recreation committee.

Mayor Lee jumped on board with the Americorp comments that Committeeman Franzen made. Spoke of a common thread that he saw in the group of individuals that are making a choice in their life to help other people. We are truly thankful for the work and service they have done for our community.

Mayor Lee thanked the recreation committee for their efforts in putting our Memorial Day Parade together and thankful for the participation from our residents. Mr. Lee also spoke of his appreciation with the participation for the pole dedication at Patty Bowker Park.

Public Comment.

Mark LeMire, 32 Washington Way, thanked everyone for making this parade a success and it was a great opportunity to bring everyone together and had the right spirit. Looking forward to next year's Memorial Day.

Fran Brooks, Moores Meadow Road, thanked the Committee for adopting the Firewise Resolution as it is dearly needed for a place like Tabernacle. Appreciation was given to Col. Lowe for the work done with the Americorp Team. Ms. Brooks questioned the amount of capital surplus currently in the account. Ms. Brooks had further comments regarding the prior settled litigation with Medford Farms Vol. Fire Company and Tabernacle Township. Ms. Brooks spoke about clarification of TAA out of town participants and payments made to the Township.

Committeeman Franzen gave his perspective as he spoke of being the Mayor last year and a Committeeman this year that he feels the lawsuit is settled. It was a very sad time for us in the Township and it was not a happy time for the fire company, rescue squad or the Township Committee. As far as he is concerned it is settled. It is over and done with and believes we do not need any more discussion about it. Let's put it behind us and move forward and furthermore not bring up all these hard feelings that were going on at the time. It needs to stay behind us; it is over with.

Stuart Brooks, Moores Meadow Road, made comment that he is also glad the litigation is settled and questioned if the final payment was received from the fire company. Also spoke about their financial documents as required by the Township Committee to be submitted and the term of limitation. Mr. Brooks spoke of other public service organizations in the Township of their financial document requirements and treating them the same.

Committeewoman Brown spoke of the Township receiving annual audits from rescue squad organization.

Committeeman Yates added that we would like the town to heal.

Mr. Renato Santos, property owner of Lot 24.01, Block 1402 spoke about being interested in finding out property line after Hurricane Sandy, and where to get the latest digitized map and questioned who he would speak with to reopen the street.

Closed to the public.

Adjournment. On a motion made by Mr. Yates, seconded by Ms. Brown, the meeting was adjourned at 9:35 P.M.
