

# State Computer and TV Disposal Ban Starts January 1, 2011

On January 1, 2011, televisions and computers, including laptops and monitors will be banned from all landfills and incinerators in New Jersey.

- No resident can place these items in their trash.
- No waste hauler can collect them with trash.

The ban is mandated by the 2009 State Electronic Waste Management Act

Be safe – remove any sensitive information from your computer before recycling.

# Paper Carton Recycling is Here!

## Start recycling cartons now.

Place them in your recycling bucket, mixed in **with your bottles and cans**.

### What is a carton?

Cartons are available in two types – shelf-stable and refrigerated.

#### **Shelf-stable cartons (types of products):**

- Juice & Juice Boxes
- Milk
- Soy Milk
- Soup and broth
- Wine

#### **Refrigerated (types of products):**

- Milk
- Juices like orange juice and lemonade
- Cream, Half & Half
- Egg substitutes

### What are cartons made from?

Cartons are mainly made from paper in the form of paperboard, as well as thin layers of aluminum and polyethylene (plastic).

### How do I recycle cartons?

Place the cartons in your recycling bucket, along with your bottles and cans. Do **NOT** put the cartons in with your paper and cardboard.

### Don't I want to put cartons with paper recyclables?

The answer is **NO**. The only way we can sort out the cartons for recycling, is to have them mixed with bottles and cans, not with paper and cardboard.

### Recycling questions?
